Charlotte's Web

Thanksgiving Day Place Cards

Instructions

Print your favorite "Charlotte's Web" place card - or mix and match! - and print out on a nice and sturdy paper. Using the lines on the page as your guide, cut your place cards - we always print a few extra just in case we make a mistake with someone's name. With cards cut and names printed, fold and place on your table accordingly. It's the easiest part or your set up but your guests will think you so sophisticated for your thoughtfulness.
